# barnetPOS

We're unique... just like you!

barnetPOS offers all of the things the average POS offers but The Liquor Retailer does not run like your typical retail outlet. The Liquor Retailer faces unique rules and regulations, pricing structures, reporting, etc…

How is barnetPOS different?

How is Barnet POS Different?

- Barnet is not only a POS company but also a software development Company. (This means, your specific needs can be written into your system if they do not already exist!)
- BarnetPOS offers "Out-of-the-box" solutions, custom solutions and proprietary systems.
- barnetPOS specializes in POS solutions specifically for the Liquor Store Business Model
- Multi-location cloud management including Central Purchasing and Product Management are available
- Integrated ordering and receiving (No manually entering online orders or manually entering product for receiving)
- Optional iPad/iPhone "Buddy System"

  o Inventory Buddy
  o Receiving Buddy
  o Sales Buddy

- Development – Unique features, reports, etc. can be "built to suit"
- Real-time inventory and sales data (Some systems update at the end of the day.)
- Integrated eCommerce/eCatalog (integrated with barnetPOS/location inventory)
- Cloud technology back-ups
- Unique log-ins and permissions for team members

barnetPOS saves TIME and MONEY!
